UNDO ROUNDED AND WORN NUTS AND BOLTS

43pc XI-ON Socket Set

- Ideal for releasing rounded nuts worn up to 85%, compared to conventional sockets
- Set includes 1/4", 3/8" and 1/2" Dr. sockets, various sizes between 4-32mm
- Innovative design allows increased contact area with nut to reduce rounding
- Torque is spread evenly over the nut when force is applied to reduce stress and damage to the Hex point, extending the life of the nut
- Conforms to ANSI and DIN standards
